

Dear Case Manager/GAL/Other,

In attempt to keep our youth and staff healthy during this time of the COVID-19 outbreak we are putting measures in place campus wide. Effective immediately, we ask that all visitors restrict in-person visits with youth on campus. If there is an immediate need to visit your youth, please schedule this in advance by contacting your youth's Residential Manager or our on call number 305-962-3151. Please note that all persons arriving on our campus are required to be screened, this will include completing a screening questionnaire. As soon as entering our homes, all persons – including staff, visitors, and residents will be required to wash or sanitize their hands and encouraged to engage in routine handwashing/sanitizing while here.

Please remember to contact us first in order to allow the above measures to take place without interruption in your visit. You are more than welcome to call and speak with your youth at any time.

We have had no confirmed or suspected cases in our programs. While the spread of the coronavirus responsible for COVID-19 is inevitable, we are committed to keeping it away from our campus for as long as possible. If/when we have cases on our campus, we are committed to using all reasonable precautions to slow the spread to others.

We apologize for the inconvenience and want to thank you in advance for adhering to these necessary procedures. We hope you stay healthy and be safe.

Regards,

Ingrid Baez

Residential Director

His House Children's Home
