System Level Concerns:	Full	Partial	None	Notes
Pharmacy access and medication availability	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
System-wide PPE access	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<p>No reliable access to support recommended use of PPE.</p> <p><b>Update:</b> Providers have been receiving individual orders. Thriving Mind is working with DCF for delivery of gloves and masks. Glove order received on Friday, April 10, 2020. Gloves distributed to providers. Initial mask order of 4450 was received on April 15, 2020 and was distributed. April 29, 2020, gloves and hand sanitizer received and in process of distribution. Order of 23,000 KN-95 masks for our region still pending. Received KN-95 masks and are in process of distributing on May 6, 2020. Pending receipt of one more order of surgical masks. Currently assessing additional provider needs.</p>
COVID-19 testing capacity	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<p>Insufficient to test pts w/ symptoms, impacting quarantine/isolation protocols and reducing system capacity Update: Working with providers to access testing</p>

throughout partner agencies and covering cost through incidental cost center. Also working with the Department to work on flexibility of covering testing cost for consumers that have yet to be admitted into facilities. Working with State and DOH to have either National Guard and/or DOH do testing of all residential facilities.
